Astana, Kazakhstan

01 OBJECTIVES

01

Development of cooperation between the pharmaceutical and medical industries of the OTS countries

02

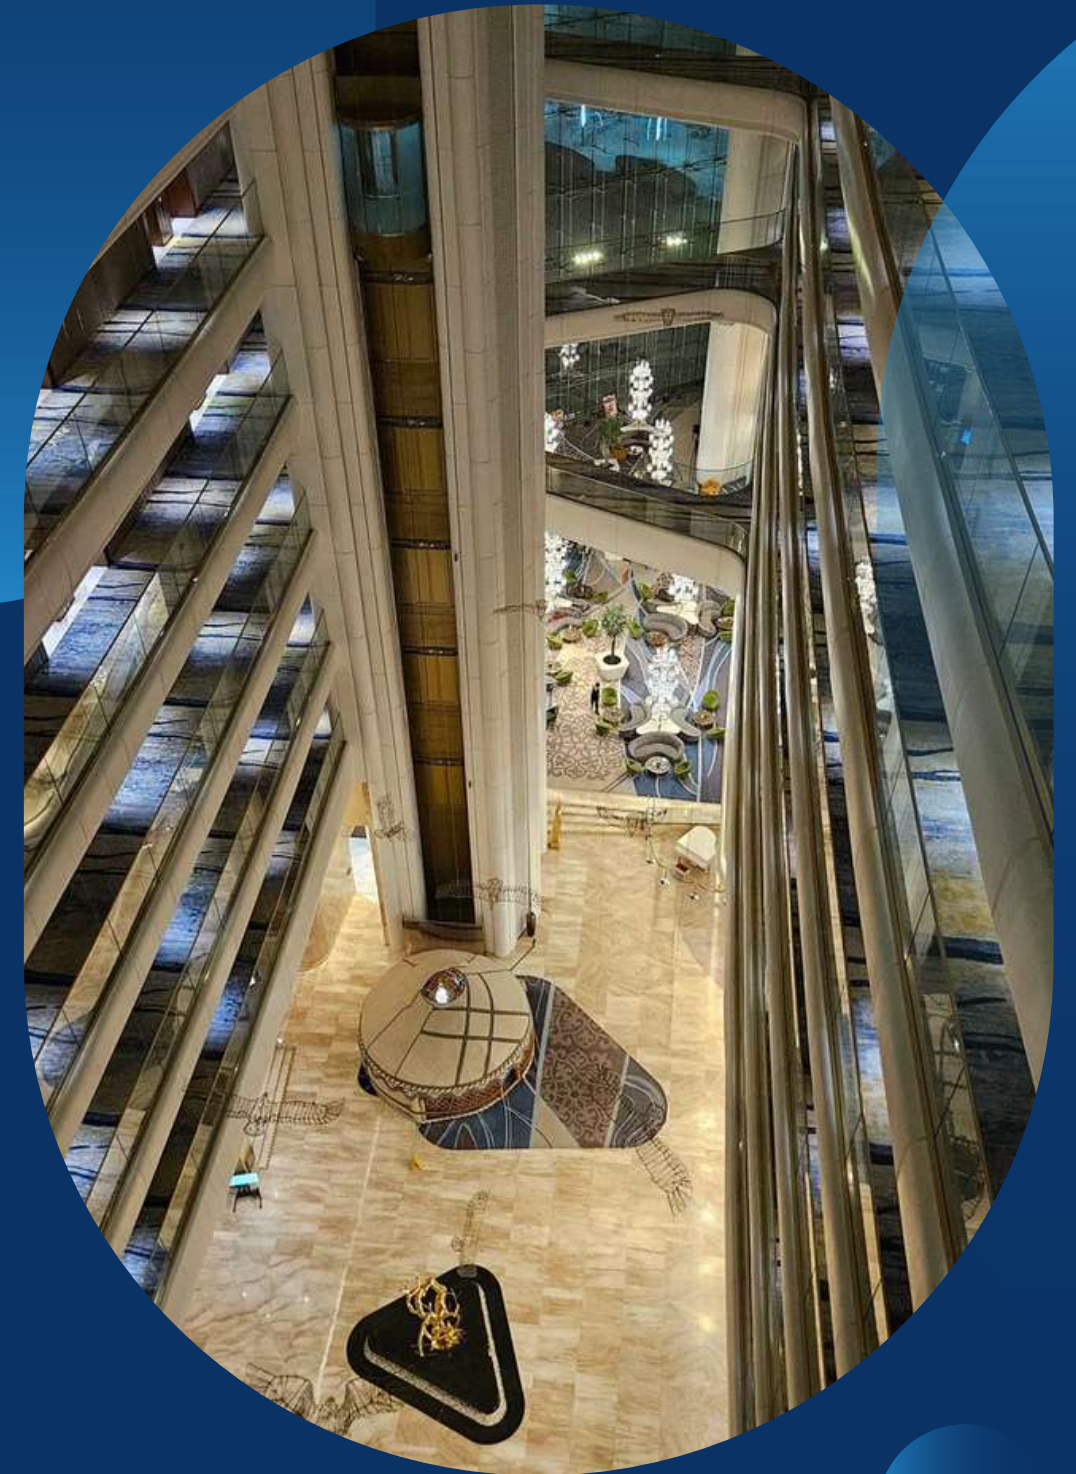

Increasing mutual investment in industries through localisation of production, joint investment projects, technology transfer

03

Increase reciprocal trade and export of OTS-produced medicines and medical devices to third countries

04

Coordination of standardisation, clinical trials

02

FORMAT

PANEL DISCUSSIONS

The experts will discuss possible ways to achieve the announced goals, share experiences in entering the markets of the OTS countries and third countries

B2B-MEETINGS

Participants will engage in direct dialogue to discuss opportunities for mutually beneficial cooperation

TARGET AUDIENCE

Pharmaceutical and medical device manufacturers, government regulators, representatives of development institutions

EXHIBITION

The most successful and promising projects in the industry of the OTS countries will be presented

03

CONCEPTS

Geopolitical instability maintains relevance of further coordination among OTS countries to ensure their own pharmaceutical and medical security

Cooperation under the auspices of the OTS Health Coordination Committee, including the ongoing Turkic Pharmacopoeia projects and Joint Manufacturing Initiatives, allows for increased industrial cooperation between the parties

It is advisable to organize and maintain a true dialogical business platform for successful mutually beneficial coordination of the pharmaceutical and medical industries within the framework of OTS+
